

CNC TOOL CARTS

- Comes fully assembled and ready to go to work
- 440-lb capacity drawers
- Top shelf for easy access

INNOVATIVE. DURABLE. TRUSTED.

Champion Tool Storage Modular Machining Series was designed to handle all of your tool storage and access needs in an industrial and commercial machining setting. These units are made to handle demanding environments and are built to last. With the Modular build and roller bearing slides, you don't have to worry about tool load. Proudly made in the USA, the Modular Machining Series is also built to withstand the harsh conditions of the machine shop and to protect your cutting tools while providing easy access. Our units are constructed with thick gauge welded steel housings, drawers, steel roller-bearing slides and finish with a durable powder coat finish.
